

# Poster presentation Program

18 July 2018

ID	Name :	Lastname :	University :	Paper Title :
----	--------	------------	--------------	---------------

## Group 1 : Physiology and Biomechanics

PBP-ICANS1	Kunavut	Vannajak	Burapha University,Thailand	The Correlations between Foot Posture and Ilinoid agility test in Handball Players
PBP-ICANS2	Pimonpan	Taweekarn Vannajak	Burapha University,Thailand	The Correlations between Navicular drop test and balance test in Handball Players

## Group 2 : Nutrition

NP-ICANS1	Isabel	Martinez	University of Illinois at Urbana - Champaign,USA	Higher dietary protein intake does not potentiate training-induced improvements in lean mass gain or muscle strength in healthy middle-aged adults
NP-ICANS2	Chao-Chieh	Hsieh	University of Taipei,Taiwan	Dramatic Declines in Senescence Associated Beta-Galactosidase of Skeletal Muscle after Exercise in Men Consuming Rg1 from Ginseng

ID	Name :	Lastname :	University :	Paper Title :
NP-ICANS3	Wen-Ching	Huang	National Taipei University of Nursing and Health Sciences,Taiwan	Effects of Lactobacillus plantarum TWK10 on improving endurance performance in humans
NP-ICANS4	Yi-Ju	Hsu	National Taiwan Sport University,Taiwan	Fructose-induced metabolic changes in mice with regular exercise in intrinsic high- or low-aerobic exercise capacity in mice
NP-ICANS5	Ching Chi	Yen	Kaohsiung Medical University,Taiwan	New formulation of resveratrol, a natural compound with anti-fatigue effect: thermosensitive hydrogels preparation and pharmacokinetics assessment
NP-ICANS6	Dao-An	Li	National Taiwan Sport University,Taiwan	Effect of traditional concentrated chicken essence supplementation on reducing exercise-induced fatigue in rat
NP-ICANS7	Narudon	Jompatong	Burapha University,Thailand	Effects of Pandanus amaryllifolius leaf beverage on postprandial blood glucose in healthy volunteers
NP-ICANS8	Kadetawan	Wattanyuenyoung	Burapha University,Thailand	Passion fruit juice enhances cardiac autonomic activity in healthy subjects

ID	Name :	Lastname :	University :	Paper Title :
NP-ICANS9	Kamonwat	Suksawat	Burapha University,Thailand	Effects of mulberry ( <i>Morus alba</i> ) leaf tea on postprandial blood glucose and satiety in healthy subjects: A preliminary study
NP-ICANS10	Thanasinee	Komonpit	Burapha University,Thailand	Effects of holy basil ( <i>Ocimum tenuiflorum</i> ) leaf consumption on postprandial blood glucose and satiety in healthy subjects: A preliminary study
NP-ICANS11	Warangkana	Piamprom	Burapha University,Thailand	Effect of Jerusalem Artichoke sandwich cracker on postprandial blood glucose in healthy subjects
NP-ICANS12	Kun-Chih	Chen	University of Taipei,Taiwan	Effects of Night Eating and Resistance Training on Ovariectomy-induced Muscle Loss in Aging Rats
NP-ICANS13	Khei	Takeda	University of Tsukuba,Japan	Effects of Maternal Diet and Voluntary Running on Mitochondria in Skeletal Muscle of Female Offspring
NP-ICANS14	I-Jung	Liu	University of Taipei,Taiwan	Effect of Deep Sea Water Supplementation on Heart Rate Variability after Exercise
NP-ICANS15	Nai Wen	Kan	Taipei Medical University,Taiwan	Effect of resveratrol supplementation combined with swimming training on muscle mass and strength performance in young and aged mice

ID	Name :	Lastname :	University :	Paper Title :
NP-ICANS34	Wen Chyuan	Chen	Chang Gung University of Science and Technology,Taiwan	Effects of ladder climbing exercise combined with ISP supplementation on exercise performance and anti-fatigue

### Group 3 : Exercise Physiology and Training

ETP-ICANS1	Kamonrat	Nhusawi	Mahidol University,Thailand	Combined exercise training improves health-related physical fitness in obese young men
ETP-ICANS5	Piyapong	Prasertsri	Burapha University,Thailand	Effects of arm swing exercise training on cardiac autonomic modulation, cardiovascular risk factors, and electrolytes in elderly persons with prehypertension
ETP-ICANS6	Orathai	Tunkammerdthai	Khon kaen University,Thailand	Effect of modified arm swing exercise on oxidative stress in patients with chronic obstructive pulmonary
ETP-ICANS7	Kanae	Myoenzono	University of Tsukuba,Japan	Circulating 3-hydroxyisobutyrate level is negatively related to physical activity time in adult men.
ETP-ICANS8	Haithem	Rebai	University of Sfax,Tunisia	Effect of a 16-Week Combined Strength and Plyometric Training Program followed by a Detraining Period on Athletic Performance in Pubertal Volleyball Players

ID	Name :	Lastname :	University :	Paper Title :
ETP-ICANS9	Tienan	Wu	Heihe College,China	The Changes of Blood Indexes during Altitude Training in Young Swimmers
ETP-ICANS10	Shirai	Takanaga	University of Tsukuba,Japan	Effects of the order of combined resistance and high intensity interval training on muscle hypertrophy and
ETP-ICANS11	Felix Ojeiru	Ezomo	Tottori University,Japan	Prediction of leg fluid turnover during an upright position
ETP-ICANS13	Wei-Hsiang	Chang	National Tsing Hua University,Taiwan	Effect of yoga sitting twisting posture on mood state and heart rate variability
ETP-ICANS15	Kacha	Udomtaku	Chulalongkorn University,Thailand	Association of SAP Specific Model Training and Body Fat Mass in Young Male Basketball Players

#### Group 4 : Psychology and Training

PTP-ICANS1	Warasit	Phomma	Khon Kaen university	Acute Effects of Rhythmic Activity on Cognitive Function In Female Adolescents: A Pilot study
------------	---------	--------	----------------------	---

#### Group 5 : Management

MP-ICANS2	Apinya	Srimahapeom	Burapha University,Thailand	Guideline to Developing/ Service Quality/ Sports And Health Center
-----------	--------	-------------	-----------------------------	--
