

Poster presentation Program

19 July 2018

ID	Name :	Lastname :	University :	Paper Title :
----	--------	------------	--------------	---------------

Group 1 : Physiology and Biomechanics

PBP-ICANS3	Panida	Chaiming	Khon kaen University,Thailand	Research and development of pillow for health in Thai people: A pilot study
PBP-ICANS4	Theerasak	Boonwang	Khon Kaen University,Thailand	Concurrent Validity of Standing Balance Assessment Using Nintendo Wii Balance Board Compare With Posturography on Different Surface and Standing Conditions
PBP-ICANS5	Pornthep	Rachnavy	Suranaree university of technology	Kinematics Analysis of Muay Thai Knee Techniques & A Kinematic Comparison of the visual impairment running and low vision running

Group 2 : Nutrition

NP-ICANS16	Wen-Hsin	Feng	University of Taipei,Taiwan	Effect of Anserine Supplement on Anaerobic Performance
------------	----------	------	-----------------------------	--

ID	Name :	Lastname :	University :	Paper Title :
NP-ICANS17	Ting An	Shih	University of Taipei,Taiwan	Effects of seaweed supplementation on muscle strength, oxidative stress after resistance training.
NP-ICANS18	Ahmad	Alkhatib	Dasman Diabetes Institute,Kuwait	Nutrition and Sedentariness Associations in the Kuwaiti Population: A Paradox of Health Risks?
NP-ICANS19	Maririn	Nagase	University of Tsukuba,Japan	Effects of caloric restriction on muscle hypertrophy induced by functional overload
NP-ICANS20	Natthida	Bangmek	Burapha University,Thailand	Energy Balance; Nutritional Status and Training Phase for Youth Olympic Swimmers.
NP-ICANS21	Peini	Chen	Mahidol University,Thailand	Effects of protein-based supplement and endurance exercise on muscle mass and oxidative stress in rats treated with hindlimb suspension.

NP-ICANS23	Nisa	Chuangchot	Khon Kaen University	Effect of vitamin C and exercise on PMN function in T2D patients
NP-ICANS24	Wan-Teng	Lin	Tunghai University	Protective Effect of Alcalase Potato Protein Hydrolysate -APPH and exercise on Hepatocyte Apoptosis in High Fat Diet

ID	Name :	Lastname :	University :	Paper Title :
NP-ICANS25	Yuki	Aoki	University of Tsukuba	Effect of black tea polyphenol fraction on muscle atrophy caused by denervation
NP-ICANS26	Takuya	Nakamura	University of Tsukuba	Comparison of Effects of HMB or Leucine supplementation on skeletal muscle recovery at 3 weeks after injury.
NP-ICANS27	Hsu	Chia Yuan	NTS University	Effect of Six Weeks Respiratory Muscle Combine Core Muscle Training on Swimming Performance and Lung Function.
NP-ICANS28	Worrawut	Thuwakum	Khon Kean University	Effect of Musa (Namwah) banana and chocolate milk on post-exercise recovery aid: a randomized cross-over study
NP-ICANS29	Satwika Arya	Pratama	Universitas Gadjah Mada	The Differential Effect of Protein Source Consumption on Muscle Mass and Performance in Obese Adults during Weight Loss Program using Low Calorie Diet and Combined Exercise
NP-ICANS30	Laras	Sitoayu	University of Esa Unggul,Indonesia	Knowledge of Nutritions, Energy Intake, Macro Nutrients Intake, Fiber Intake, Physical Activity, Persent Body Fat And Police Nutrition Status in Police

ID	Name :	Lastname :	University :	Paper Title :
----	--------	------------	--------------	---------------

Group 3 : Exercise Physiology and Training

ETP-ICANS16	Phatsasi	Laojeenwong	Khon Kaen University,Thailand	Effect of standing exercise on sleep quality among the healthy subject.
ETP-ICANS17	Yupaporn	Kanpetta	Khon Kaen University	Effect of intensity of exercise on substrate utilization during exercise in patients with type 2 diabetes
ETP-ICANS18	Pornprom	Surakul	Burapha University	Voluntary Wheel Running Exercise Ameliorates the Effect of Maternal Restraint Stress Induced the Increase in the Level of B-TrCP in the Hippocampus of the Offspring
ETP-ICANS19	Thawichai	Khaothin	Suranaree University	Reliability of Function Movement Screening in People with Visual Impairment & Six-Point Specific Movement Training on Agility in Badminton Players
ETP-ICANS20	Nattha	Muangritdech	Khon Kaen University	Intermittent hypoxic exposure plus exercise training reduces blood pressure in essential hypertension: A preliminary study.

ID	Name :	Lastname :	University :	Paper Title :
ETP-ICANS21	Zon War	Lin	Khon Kaen University	Physical Activity level in secondary school students aged 14-17 years in Khon Kaen Municipality Thailand
ETP-ICANS22	Suvannetra	Po	Khon Kaen University	Determinants on physical activity among secondary school students aged 14-17 years in Khon Kaen municipality, Thailand
ETP-ICANS23	Nichanun	Panyaek	KhonKaen University	Acute effect of a new device on dialysis adequacy , physiologica and metabolic
ETP-ICANS24	Tadsawiya	Padkao	Burapha	Relationship between Chest Expansion and Hand Grip Strength in Young Obese
ETP-ICANS25	Theerachpan	Maneetam	Khon Kaen	Acute Effects Of Specific Warm-Up With Trx On Flexibility And Range Of Motion Among Young Swimmers
NP-ICANS22	Sittichai	Pengkumpa	Khon Kaen University	Effects of TRX Suspension and Dynamic Stretching on Crawl Stroke Speed in Young Swimmers

Group 4 : Psychology and Training

PTP-ICANS2	Araya	Thimlamom	Burapha University	Safety Behavior For Cycling : Application Theory Of Planned Behavior
------------	-------	-----------	--------------------	--
